Sir:

This is in further response to the Notification of Missing Requirements... dated 04 April 2007. Applicants requests consideration of the attached declarations signed by John Grace and Roderick Andrew.

On 04 October 2007 applicants filed a petition requesting waiver of the requirement for two (John Grace and Roderick Andrew) of the four inventors to sign the declaration under 37 CFR 1.64 and/or 1.47(a). Applicants continued to seek the signature of these two inventors and both inventors have now signed a declaration under 37 CFR 1.64.

In view of the signature of all of the inventors, it appears that the applicable requirements for a declaration by the inventors has been met. It is requested that the enclosed declarations be accepted and that the application be forwarded for examination on the merits.

If additional fees are due, or if there is an overpayment, additional fees may be charged, or any overpayment in fees may be credited, to the Account of Barnes & Thornburg, Deposit Account No. 10-0435 (42339-45004).

If there are any further issues that need clarification or correction please telephone the undersigned.

Respectfully submitted,

BARNES & THORNBURG LLP
